

you that I am writing in a room full of animated
talk. — I hope I may have the pleasure of
hearing from you, when anything is decided. I am an
Oxford man myself, and so shall not be able to un-
derstand University details.

I have been looking a little at the Moon lately,
definition being good during the hot weather. I hope
I may meet you at Bath — where I purpose, D.V.,
being myself, to perhaps reading a little paper on the
high illumination in the Moon. — He shall be staying
at a friend's in the neighbourhood.

Silvered speculae you are beautifully — Mr. With
of Hereford is obtaining as near perfection as I sup-
pose can be obtained with Prich's — & will soon go
a way. — I beg him not to give his work away. —
I think he w^d charge £12 or £15 for Prich's — The
silvering stands admirably with a little care. —

Pray give my kind regards to your good parents —
Mrs. Webb says she is very kindly remembered to you,
& I remain,

Y^r dear Sir.

Yours very sincerely

Thos. W. Webb.
