(4)

My dear Arthur,

I am only able to write a very hurried  
him today - going to School on business.

I am very much obliged by your kind sale of  
which w<sup>o</sup>. have been mere rubbish from - & by the  
remission of the Stamps - but why did you put  
2<sup>o</sup>. on your letter - it was very naughty - I can't  
believe it was required. —

And now, here is more plague for you (you  
don't deserve a bit of pity, though, as you won't  
come here!). —

Tell you do Mr. Webb the kindness to call  
when convenient at the Secretary of the Ladies'  
Work Society at the Victoria Press, Princes St.  
Hanover Square, and say that Mr. Webb sent  
a small package of work when from Hereford  
by G.W.R. last Saturday - but has received no  
acknowledgment of its safe arrival, tho' she wrote  
to her & enclosed a stamp for a reply. The said  
Secretary or belier is Miss Emily Faithfull,
