

The time will be so short - & holidays at  
Sant. Ho. so probable - that I can only ask  
you to bring one or two matters on the suppo-  
sition of the most perfect convenience. But  
I have there, as you will recollect, some pa-  
per photos. sent for myself from America (the  
glass ones being the property of the Soc<sup>y</sup>) and  
a Vol. of the Memoirs granted on application.  
- I hardly can ask you to borrow for me from  
the Library the Vol. of Phil. Trans. (a recent  
one within 4 or 5 years) containing E. of Røse  
on Orion Nebula - at least, I can readily ask  
you to borrow it - but I am ashamed to think  
of your being burdened with such a big heavy  
thing. -

I must go out, & my wife wants to go on  
so I am my dear Arthur  
you very loving J. W. Webb
