

H. V. 1 Dec. 1874.

105

105

The Doctor would allow me to go this week, tho' he is satisfied with my progress, but we purpose starting, D.V. on Monday next to Gloucester, and if D. E. there thinks it right, coming on to G. W. R. Hotel on Tuesday evening. Do you know a really good ~~shop~~ shop for Swiss watches in London. My wife thinks your mother knows. They must be first rate.
