My dearest Arthur,

In routing two boxes of papers (with a
Commissioner from the Record Office in dis-
tant view) I came across a book of which
I knew nothing - thin puerile 4to vellum
bound - first side much mouse-nibbled

The principal part of the title is
*Apologia Dictionum Aristotelis de Calido
Favato. Adversus Galenum. Casaris Cre-
monini Centensis in scola Patavina Phy-
losophi Primum Sedis.*

Venice 1726. - 84 pp. - To which is
subjoined *De ordine ac methodo in Sci-
entia servandis*, by J. Camillus of Genoa.
Venice 1561. Aldus. pp. 29 -

A beautiful copy, all but the damaged
vellum cover.
