

What is the term of years after which it will
revert to the estate again? And what do
the fishermen of the Mare Tranquillitatis
do with the interest in the mean time?

Should you be likely to pass thro' Belgium
will you please give me timely notice - as
you w^d. probably make for Brussels (don't
break your head there as I did last time)
and c^d. leave a book for Dr. Terby there
if he w^d. care to have it.

Your very affectionate

Deffo! Mae Dydd! -
