If all be well, I think we shall be coming to  
town for a week on 13th. ~~instead~~, & shall hope  
to see something of you. The Belfast observer  
was especially grateful, & desired me to render you  
all manner of thanks. One fine night - Tuesday -  
gave me the pleasure of knowing that I could still  
pick up some very minute points. — If I sh. want  
it c. you kindly take in a package of books at Chambers  
for a few days? It w. not be a week. —
