

Hardwick Vic., 11 Oct. 76. (154)

Mr Martin has not sent me (I believe it is he who has been so kind) the last vol. of MSS Commission Report, alias Blue Book. Mr. Horwood is coming here very soon - probably Monday 15th & could bring it if quite convenient.

Returned last Sat. from a cruise among relatives &c. & now likely to be at home for some time. We wish you w^d. kindly say when family use wash you to come here.
