

own behalf - tho' I have 7 very bad drawings
I send him - and when I do so I should
like to let him know about Burton. I
have heard nothing from him since he was
on the top of the Great Pyramid - on Cleo-
patra's needle - on la Pointe des herins -
on the Cockatoo's Crest - or wherever it
might be, but I think you let me be
was slaving away at something. But
now will you please give me some news
that I can send to Dr. Ferby - & I hope
it may be some compensation for some
of the worst drawings you, or he, ever
saw?

Do you happen to have heard anything
about a German gentleman named
Meien (not Meyer nor Mayer)

living in Camberwell? I think he is
partner in some house (of the same name)
in the City - but what kind of business
I don't know. Could I get at his address
either in the City or at Camberwell?

This, please, altogether at leisure &
convenience - quant à l'autre affaire,
celle de Mr. Burton, vous me feriez un
grand plaisir si vous auriez la bonté
de m'envoyer des nouvelles sans beau-
coup de retardement

With kind love - looking out for
you

Yours a vous

Cockatoo
