

2 Rodney Terrace Cheltenham - 8 Jan. '80.

Letter rec^d? this morning - many thanks. The Dr.
says I am going on capitally, but keeps me here till
Tuesday (instead of tomorrow.) - you are exceedingly
kind about books. I think if d'Arrest is not bulky
or troublesome to send here, I should like to see it -
I suppose he is the authority about Gaseous Neb.^{ae}
I miss poor Key much. His noble 18 in. reflector & Obs^y
will soon be in the market, & going I fear too cheap -
If you sh^d. know of a likely purchaser please bear it
in mind
