

we feel quite sure about that! -

One place that we have recently stayed at, Rev. W. Campbell Bruce's, 6 miles from Cardiff, was very interesting. A beautiful Rousey Observatory with very fine $12\frac{1}{4}$ in. mirrors, which ~~the~~ Sadler can tell you about. C^d not try it - bad weather. He has a little telegraph from the house to the observatory, for wife & self.

My wife is looking forward with very great pleasure to seeing you here. Our united very kind love

Your affect. Friend
