

but till I get two replies - one from
his wife & one from my - (Chelt^m man,
I am quite at sea as to plans (little
expected that, at breakfast-time.) -

If all goes well with our arrangements
and yours, would it be quite suitable if
we came up on Thursday March 9 (on
next day) running down to our niece at
Cheshhurst on Saturday & returning
to you on Monday for two or three days
again? Will this do? —

Of course things may turn out so that
I may have to run backwards & forwards
here for Sunday duties - which, with
Lectures at Chelt^m w^d complicate matters
awkwardly - but more about that another
day - enough this hurried morning if I can
lay our regards before our dear friend,
our united best love (our Mary would ad
be with us) your affct. ad friend
